THE WORLD IS FLAT.
ARE YOU ROLLING WITH IT?

FLAT PANEL WIDE BODY CART

SAFE. SMART. SECURE.

BRET福德 delivers technology safely with its new UL Listed FPBBUL Flat Panel Wide Body Cart, offering the safest solution for K-12.

The FPBBUL Cart complies with UL1667 stability and static weight load testing. It minimizes tip-over risk. And it's the only one of its kind.

Our carts are designed specifically with flat panel monitors in mind. Integrated into the construction of the cart, the monitors are mounted directly to a reinforced top shelf.

Ensure security. Minimize risk.
