

TELEVISION CARTS

CABINET TV CARTS

STRONG

Solid steel construction and black powder paint finish will withstand years of use.

SLEEK

Smooth rounded shelf edges give the cart a clean and sleek look.

ORGANIZATION

2" grommet holes in rear of top two shelves help manage cords and cables.

SAFETY

Pyramid design provides maximum support for large monitors.

SECURITY

Locking cabinet secures your AV and electrical equipment.

MOBILITY

Each cart comes with 4" casters (2 lock) for easy mobility.

GENERAL SPECIFICATIONS

Bretford's pyramid design provides maximum safety and support for today's monitors. Equipped with spacious locking cabinets that provide additional stability when filled, these Cabinet TV Carts are the number one choice for the display and storage of AV equipment. All carts feature 18-gauge steel tubing, rounded shelf edges and a square locking design for easy assembly. Shelves are constructed from 18-gauge steel with 20-gauge steel stiffener. Black powder paint finish, with some models available in premium colors for an upcharge. "E and M" models include a UL and C-UL Listed, 2 or 3-outlet electrical unit (depending on the model) with 20' extension cord and cord winder. Rolls smoothly on 4" (two lock) casters. Grommet holes centrally located in the rear of the top two shelves neatly manage cords and cables.

Most of Bretford's Wide Body TV Carts are also available with 5" casters. Visit Bretford on the web for more details.

CRDMR

The **Cord Minder** attaches to the leg of any BB cart to provide a way to organize your cords.
