

CARTS & MOUNTS

PRESENTATION ENVIRONMENTS MEDIA TOWERS & CONVERTIBLE MEDIA TOWERS

With our media towers, everything you need for even the most technologically-driven presentations is in one place, all powered from a single source.

- **Efficient:** A monitor, articulating keyboard arm, CPU, and DVD player can all be housed and secured in one unit.
- **Powered:** 12-outlet surge and overload protected electrical unit powers equipment from one source.
- **Cord Friendly:** Wire management conceals cables for safe transport and operation.
- **Accessible:** Easy-access back panels allow for quick access to equipment connections. Flip-up door is out of the way while presenting.
- **Mobile:** Locking casters allow you to utilize expensive equipment in multiple rooms.
- **Secure:** Lockable cabinet secures and stores equipment.
- **Guaranteed:** Media towers are backed by a 12-year warranty. Electrical component is backed by a 1-year warranty.
- **GREENGUARD Certified:** Excludes veneer options.

Available exclusively through 

SPECIFICATION INFORMATION

MEDIA TOWER

BASE

Base measures 53"W x 32"D (135 x 81cm) with handle, 45"W x 32"D (114 x 81cm) without handle and uses two locking, two non-locking 5" (12cm) plate casters and toe caps. Uprights feature perforated steel. Adjustable handles are mounted on the side of the unit.

CABINET

Features 3/4" (1.9cm) thick particleboard with high-pressure laminate or veneer. Sections are lockable. Includes interior cutouts for cord access between sections and one exterior grommet for cord access to outside power. Perforated back panels remove for access to equipment. Top section has a flip-up door that when open and slid back into the unit protrudes 10 1/4" (26cm). Middle section also uses a flip up door and can accommodate a DVD or articulating keyboard arm. When open and slid back into the unit, middle section flip-up door protrudes 3" (8cm). Bottom section uses two casement doors and is divided to hold a CPU. Additional space is provided for storage. One adjustable shelf, measuring 25 1/4"W x 21 1/8"D (64 x 54cm) and one fixed shelf allow for easy positioning of equipment. Media tower is recommended for use with up to a 37" (94cm) diagonal CRT monitor. Manufacturer's models vary. Please make sure your monitor is no larger than 37 3/4"W x 26 3/4"D (96 x 68cm).

SHELVES

Shelves are 18-gauge steel. Monitor shelf measures 38"W x 29"D (95 x 72cm) overall with a usable area of 38"W x 26 1/2"D (94 x 53cm). Keyboard arm comes with a non-slip rubber mat.

 Towers ship unassembled.

CONVERTIBLE MEDIA TOWER

BASE

Tower uses two locking, two non-locking 4" (10.2cm) plate casters, and toe caps. Uprights feature perforated steel. Adjustable handles are mounted on the side of the unit.

CABINET

Features 3/4" (1.9cm) thick particleboard with high-pressure laminate or veneer. Sections are lockable. Includes interior cutouts for cord access between sections and one exterior grommet for cord access to outside power. Perforated back panels remove for access to equipment. Top shelf features two grommets to assist with cord management. Top section has a flip-up door and can accommodate a DVD or articulating keyboard arm. When open and slid back into the unit, flip-up door protrudes 3" (8cm). Bottom section uses two casement doors and is divided to hold a CPU. Additional space is provided for storage. One adjustable shelf and one fixed shelf allow for positioning equipment for maximum efficiency.

Convertible media tower is recommended for use with 30" to 40" (76 to 102cm) diagonal CRT monitors. Manufacturer's models vary. Please make sure your monitor is no larger than 39 1/2"W x 27"D (100 x 69cm).

SHELVES

Monitor shelf measures 29"W x 38"D (72 x 94cm). Distance between shelf uprights is 39 3/4"W x 27"D (101 x 53cm).

 Towers ship ready to assemble.
