

BRETFORD BASICS™

ADJUSTABLE CABINET TV CART

TVCA3654

Adjusts to multiple heights by resetting leg screws. Open, roomy shelves provide ample storage space. Lower cabinet locks keeping valuables safe when not in use.

Now available with a new and improved 6-outlet power strip!

FEATURES

- Features a 8-height capability, from 40"-54"H in 2" increments for best monitor or projecting height.
- Top shelf height adjusts by resetting four leg screws.
- Lower locking cabinet neatly stores videos and supplies and has a rear grommet hole for cord management, includes 2 keys.
- Durable all-steel construction with die pressed shelves that include a 1/4" lip to prevent equipment from sliding off.
- Rolls smoothly on 4" "Quiet Glide" swivel casters, 2 locking.
- Ribbed rubber mat included on the top shelf to prevent equipment from sliding when in transport.
- Recommended for use with up to 21" diagonal CRT monitors.
- New and improved 6-outlet electrical unit available with built-in cord winder and 20' extension cord. Lets you set up anywhere in the room and still reach an electrical outlet. Electrical unit are standard on TVCA3654 "E" and "M" models.
- TVCA3654 series carts feature a steel content with 25% to 35% post-consumer recycled steel and are recyclable at the end of the product life cycle. TVCA3654 series carts also comply with the GREENGUARD Environmental Institute's GREENGUARD Children & Schools Indoor Air Quality standards contributing to points toward Leadership in Energy and Environmental Design (LEED) Certification.
- Black powder paint finish.
- Made in the USA.

MADE IN THE USA

The TVCA3654 adjustable cart is made at Bretford's Chicago area manufacturing facility using union labor.

ENVIRONMENTAL SPECIFICATIONS

The TVCA3654 adjustable carts are constructed using "prime" steel which has a 25% to 35% post-consumer recycled content and is recyclable at the end of the product life cycle. TVCA3654 series carts are certified to GREENGUARD Children & Schools Indoor Air Quality standards.

SUGGESTED SPECIFICATIONS

Adjustable TV Cabinet Tables has three (3) 24" x 28" shelves. Each shelf is press-formed with a 1/4" lip bordering the top surface on all four sides. A Black rubber mat 24" x 28" is placed on the top shelf. Shelf has two (2) 3/16" diameter holes centered on the right side, the left side and the rear to accept an optional electrical assembly. Table has an adjustable top section that consists of one (1) 20-gauge 24" x 28" shelf with four (4) 14-gauge steel legs 31"L. Each leg has one (1) 1/4" diameter holes in the center of the leg that will accept a 1/4-20 machine screw. The holes are spaced 4" apart to permit eight (8) table adjustments of 40", 42", 44", 46", 48", 50", 52" and 54" in height when matched to the bottom section of the table. Each upper leg fits over the bottom section of the table and is secured at the desired height by the machine screw. The bottom section of the adjustable table consists of a 20-gauge steel cabinet with a 28-5/16"W x 17-1/2"H x 24-5/16"D interior dimension. Cabinet has one (1) 20-gauge steel door with a 24-1/2"W x 14-1/2"H opening, recessed handle, and key lock. Two (2) keys are included. Door is attached to a full-length piano hinge so it will open 180 degrees to allow access to stored equipment. Each lower leg has two (2) 1/4" diameter holes down the center of the leg so it will accept a 1/4-20 machine screw. Each hole is 2" apart to permit table height adjustments (as noted above). Casters are mar-resistant Black hard rubber and 4" in diameter. Each caster assembly has ball bearing swivel capabilities and steel construction. Two (2) have locking brakes. Optional electrical assembly provides (6) grounded outlets with surge suppression and two (2) 3/16" diameter machine screws with wing nuts for attaching unit to the table. Electrical assembly comes standard with the TVCA3654 "E" and "M" models. TVCA3654 Adjustable TV Table ships ready to assemble in one (1) carton freight class 85 and ship via LTL.
