

BRETFORD BASICS™

UNIVERSAL LARGE FLAT PANEL CEILING MOUNT

FPCM-1-AL Ceiling mount supports one monitor and is width and height adjustable to fit the mounting holes on most 42" to 61" diagonal flat panel TV monitors, up to 135 lbs.

FPCM-2-AL Ceiling mount supports two monitors and is width and height adjustable to fit the mounting holes on most 37" to 46" diagonal flat panel TV monitors, up to 50 lbs or 100 lbs total.

FPCM-2-AL and
FPCMPOLE60

FPCM-1-AL and FPCMPOLE60

NOTE: Always use a professional installer when mounting TV monitors. Warranties and UL listings are void when improperly installed.

FEATURES

- Extension mounting arms are width and height adjustable to fit the mounting hole pattern on most large format flat panel monitors. FPCM-1-AL holds one 42" to 61" monitor up to 135 lbs. FPCM-2-AL holds two 37" to 46" monitors up to 50 lbs each or 100 lbs total.
- Monitors may be mounted in portrait or landscape format and easily rotated from one to the other without the assistance of tools.
- Aluminum ceiling pole is sold separately in lengths of 36", 48", 60" or 72" and features adjustment holes, spaced 1" apart, and span the entire length for height adjustment of the monitor.
- Ceiling pole features cord management channels in the front and back and adjustable cord management clips to keep power and data cables neat when running up to the ceiling to power and data outlets.
- Mounting plate attaches to the ceiling using 16" centers, mounting hardware is included for wood beam installation. Other forms of installation will require the purchase of additional hardware appropriate for the type of ceiling structure the mount is attached to. Always use a professional installer when mounting monitors to the wall or ceiling.
- Universal ceiling mounts, poles, and accessories are certified to GREENGUARD Children & Schools Indoor Air Quality standards.
- Features a 0° to -15° forward tilt adjustment.
- Constructed from cast aluminum.

FPCM-1-AL SUGGESTED SPECIFICATIONS

The FPCM-1-AL has one universal mounting arm assembly and is constructed from cast aluminum. The assembly arms are height and width adjustable to fit the mounting holes of most flat panel monitors, 42" to 61" diagonal, up to 135 lbs. A kit including several sizes of spacers, washers, and bolts is included to fit the arm assembly to the back panel of most monitors. Additional hardware may need to be purchased for monitors with unusual back panel dimensions. The monitor and accessories attach to the vertical ceiling pole using a mounting spike which clips into place and secures using two 3/16" hex head screws. The vertical ceiling pole is sold separately and is 36"l, 48"l, 60"l or 72"l and includes a steel ceiling mounting plate for 16" centers. Pole is constructed from extruded aluminum with multiple mounting holes spaced, 1" apart, the entire length of the pole. Ceiling mounting plate attaches to 16" beam centers and includes hardware for wood beam installation.

FPCM-2-AL SUGGESTED SPECIFICATIONS

The FPCM-2-AL has two universal mounting arm assemblies for two 37" to 46" flat panel monitors up to 50 lbs each or 100 lbs total. All other specs are the same as the FPCM-1-AL.
