

FLUID UP POWER SYSTEM

POWER ABOVE THE WORK SURFACE

DPAUSB9-P & DPA29-P POP UP POWER UNITS

Provides two standard outlets with choice of two USB power outlets or two data clips with a 9 foot NEMA power cord.

DPAUSB9-P with regular and USB power

FEATURES

- Ideal for use with laptops, tablets and other mobile devices for walk up patron access, in a training and collaborative environment, or in an individual personal work station.
- Features a 9-foot NEMA power cord that plugs into any 15 or 20-amp electrical outlet.
- Access door pops up for easy access to outlets and closes into the work surface for a clean look when not in use.
- Includes two standard outlets and choice of two USB power outlets or two data access points. Data units include two locations to install data access, data ports and cables not included. Unit includes insert clips for Avaya, Ortronics and Keystone RJ-45 data jacks or blanks if no data is to be installed.
- Outside standard electrical plug is turned sideways to accommodate plugs that include built in transformers.
- Mounts into pre-cut holes on select tables and secure in place from the underside without the use of tools.
- The Fluid Power System has been tested by Underwriter Laboratories and UL Listed for safety as a furniture power distribution unit and is approved for use in both the United States and Canada.

TABLE COMPATIBILITY

- The Fluid Up power unit is included with Bretford tables that include a pre-cut hole in the work surface and is specified when the table is ordered. Fluid jumper cables and power in feed cables are not included and must be ordered separately.

FINISH OPTIONS

Fluid Up Power Units are available in an Anthracite plastic door and bezel.

DPAUSB9-P = Anthracite plastic exterior

DPA29-P = Anthracite plastic exterior

ELECTRICAL SPECIFICATIONS

The DPAUSB9 and DPA29 Fluid Up Power units feature a 9-foot NEMA power cord and plug into a 15 or 20-amp electrical outlet. Fluid Up power units are included with the table and specified at the time of order.

DATA SPECIFICATIONS - DPA29 ONLY

DPA29 features a tree with RJ-45 data insert clips designed to accommodate Avaya, Ortronics and Keystone jacks. Also included are two blank clips that install when no data is used. Data jacks and cabling are not included with the unit.

WARRANTY

Bretford warranties the Fluid Power System for 1-year, at date of shipment, against defects from materials or workmanship.

MADE IN THE USA

Components of the Fluid Power System are manufactured for Bretford in the USA.

ORDERING FLUID UP POWER UNITS

Fluid Up power units are included with Bretford tables specifically designed to accommodate power above the work surface and are not available to order without the table. When specifying the Fluid Up power unit desired with each table, add the model number to the end of the finish code. See *example below*.

EDUFDP3060⁽¹⁾ - MT⁽²⁾ - HM⁽³⁾ - Q1⁽⁴⁾ - MT⁽⁵⁾ - DPAUSB9-P⁽⁶⁾

⁽¹⁾ Table Model Number

⁽²⁾ Paint Color Code

⁽³⁾ Laminate Color Code

⁽⁴⁾ Trim Style Code

⁽⁵⁾ Trim Color Code

⁽⁶⁾ Fluid Up Power Unit Code

The outer electrical plug is turned 45° to accommodate plugs with large adapters

Fluid Up is also available with data ports instead of USB
