## KR SERIES FOLDING TRAINING TABLES

### KHAF HALF ROUND TABLES

Ideal for small groups, create small circles with two tables back to back or a conference table when added to the end of rectangle tables.

KHAF24-RNMP

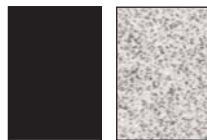

### PAINT/LAMINATE COLOR OPTIONS

Raven/Mahogany (-RNRM)

Raven/Maple (-RNMP)

Raven/Grey Nebula (-RNNB)

### FEATURES

- Place two back to back to create a meeting table for up to four people, or use at the ends of back to back rectangle tables to create a modular conference table.
- Table folds 4-1/2" flat for easy portability and storage and include latches to lock them in the folded position.
- Available for 24"d and 30"d rectangle tables. Not for use with 18"d KR tables.
- KHAF30 half round table is ADA compliant.
- Work surface grommet holes and a modesty panel with integrated cord management channel allow easy use with laptop computers. An optional 6-outlet electrical unit (*model ECF6*) may be mounted to the inside of the modesty panel for easy access to power. The cord management channel runs the width of the legs and is 2-1/2" deep, front to back.
- Features ganging clips on the flat side of the work surface to connect tables together and hold configurations stationary.
- Rear modesty panel provides plenty of leg room and tables seat two comfortably on one side.
- Adjustable, floor-saving glides keep tables steady and level on uneven floors.
- Four color options available, Mahogany or Maple laminate tops with Raven Black or Aluminum powder paint.
- Work surface uses a substrate that is comprised of a minimal 40% and average 70% recycled materials and the base is constructed with "prime" steel which is constructed with 25%-35% post-consumer recycled steel.
- Complies with the GREENGUARD Environmental Institute's GREENGUARD Children & Schools Indoor Air Quality standards, contributing to points toward Leadership in Energy and Environmental Design (LEED) Certification.
- Made in the USA.

## SUGGESTED SPECIFICATIONS

KR Series models have one (1) table top constructed from 1" thick 45 lb. density furniture board with a "wipe-clean" high-pressure laminate surface. Laminate surface is available in Mahogany (-RNRM), Maple (-RNMP) or Grey Nebula (-RNNB). The base and legs are constructed from 14-gauge steel. The modesty panel runs the width of the legs and is constructed from 20-gauge steel with a circular hole perforation and a cord management channel built in. A "J" cord management channel runs along the bottom of the modesty panel and is 2-1/2" deep, front to back. KHAF24 has a 5-11/16" overhang from the left/right edge of table top to the outside of the leg and the KHAF30 has a 11-11/16" overhang. All base components are finished with Raven Black powder paint and Raven trim. The table top folds to 4-1/2" flat for storage and includes latching mechanisms on underside of the top to connect two or more tables together and keep tops even. Features adjustable floor saving glides for stability. All top edges are rounded and include a Raven 3mm TPE T-mold edge banding. Tables are GREENGUARD CHILDREN & SCHOOLS INDOOR AIR QUALITY CERTIFIED®. Each table ships in one carton pack ready to assemble.

## MADE IN THE USA

All KR series training tables are made at one of Bretford's Chicago area manufacturing facilities using union labor.
