## QUATTRO STUDENT CLASSROOM DESKS

Quattro Classroom Desks are height adjustable to accommodate children or adults. The leg design is one of the strongest on the market and meet ANSI/BIFMA standards. Leveling glide/casters version provides mobility for collaborative learning.

### FEATURES

- Available in one, two or three student desks in a variety of lengths and depths which support a variety of classroom activities and curriculum.
- Available with 3" twin casters on one side which allow the classroom to be reconfigured quickly and easily by the instructor or by the students. Tables with casters provide an ideal desk for small student teaming or collaborative project work.
- Built in book bag hooks (two per table) keep backpacks and other bags off the floor and out of the way.
- Height adjustable work surface allows you to set up your classroom for children or adults. Adjusts in one inch increments from 24" to a 32".
- Desks 36" wide or wider meet ADA requirements.
- Sturdy laminate desk top is 1" thick and trimmed with T-mold edge band that attaches along the entire perimeter of the table top. Laminate MDF substrate contains an average 70% recycled content.
- Complies with the GREENGUARD Environmental Institute's GREENGUARD Children & Schools Indoor Air Quality standards, contributing to points toward Leadership in Energy and Environmental Design (LEED) Certification.
- Reinforced leg design features a hex bolt/triangle tie assembly and is constructed from 12- and 14-gauge steel providing superior strength and stability and constructed with an average of 30% post-consumer recycled steel. Quattro tables meet ANSI/BIFMA safety and quality standards.
- A steel skirt runs between the legs on all four sides and adds strength to the top to prevent bowing over time.
- Available in a variety of sizes.
- Available in Wild Cherry or Grey Mist laminate and the base is finished in Black or Grey Mist powder paint. Special order laminate and paint finishes available.
- Optional 4" high book box mounts to the underside of the work surface to hold books and papers and features an indent for pencils or other small items.

## SUGGESTED SPECIFICATIONS

Quattro Classroom Desks are height adjustable from 24" to 32" in 1" increments. Available in 24" or 30" depths by 30", 36", 42", 60", 72" and 84" widths depending on the model specified. The laminate top is made from 1" thick, 45 lb. density furniture board and 1/4" thick PVC vinyl T-molding that attaches along the entire perimeter of the table top. Table top incorporates a 14-gauge steel apron around the entire perimeter of the table, 1-3/4" from the edge, for maximum strength and durability. Four telescoping legs are constructed from 1-1/4", 12-gauge steel and 1", 14-gauge steel tubing and attach to the top using a unique hex bolt/triangle tie assembly. Side leg assemblies include a cross bar with bag hook that hold backpacks and other bags off the floor. Models with casters attach to one side to allow the table to be easily moved. Twin wheel casters are 3" diameter and both include locking brakes. All steel components are constructed with "prime" steel which features 25% to 35% post-consumer recycled content. Tables are GREENGUARD INDOOR AIR QUALITY CERTIFIED®. The particle board substrate is constructed with an average 70% recycled content.
