

SHELVING

Legacy Library Environments is the aesthetically pleasing, versatile and durable storage solution for your corporate, school, university, or public library collection.

- The starter/add-on concept allows for unlimited possibilities and flexibility.
- End panels may be finished in your choice of many attractive wood finishes or decorative laminates.
- Durable steel frame locks end panels together using metal-to-metal connections.
- Steel shelves are constructed from 20-gauge steel and finished in durable, smooth powder paint to withstand years of use.
- Wood shelves offer a traditional look without the traditional high price.
- All shelves support 150 lbs. with zero deflection, utilize the Legacy “tamper-proof pin system”, and provide integrated bookstops.
- Floor levelers adjust to accommodate uneven floors.

SINGLE AND DOUBLE-FACED SHELVING

Shelving is designed and constructed for complete modularity and utilizes the starter/add-on concept. Each wood veneer starter unit including hardware measures 37¹/₄"W and each wood veneer add-on unit including hardware measures 36¹/₁₆"W. Each laminate starter unit including hardware measures 37⁵/₁₆"W and each laminate add-on unit including hardware measures 36³/₃₂"W.

Wood End and Middle Panel:

Each 29, 36, 42, 48, 60, 72 or 84" high upright panel is constructed of 1" thick, 45 lb. density industrial grade particle board covered on both sides with .031" thick wood veneer.

Edge treatments are constructed using ³/₈" thick, solid hardwood, FAS select or better, with a 17mm radius bull-nosed treatment. Single-faced panels have a ⁹/₁₆" radius top front corner and a 90 degree top back corner. Double-faced units have a ⁹/₁₆" radius on top front and back corners.

Each panel has shelf adjustment holes drilled on 32mm centers. Panels have 1¹/₂" leg levelers that screw into pre-threaded metal inserts.

Laminate End and Middle Panel:

Each 29, 36, 42, 60, 72 or 84" high upright panel is constructed of 1" thick, 45 lb. density industrial grade particle board covered on both sides with a neutral, non-glare, .050" thick high-pressure laminate.

Edge treatments shall be constructed using a 3mm T-mold edge. Single-faced panels have a ⁹/₁₆" radius top front corner and a 90 degree top back corner. Double-faced units have a ⁹/₁₆" radius on top front and back corners.

Each panel has shelf adjustment holes drilled on 32mm centers. Panels have 1¹/₂" leg levelers that screw into pre-threaded metal inserts.

All single-faced units come complete with one wall/floor mounting bracket.

Top for Wood Panels:

Each 29, 36, 42 48 or 60" high unit comes standard with a wood/laminate top shelf. Constructed from 1" thick, 45 lb. density industrial grade particle board covered on both sides with a neutral non-glare, .050" thick high-pressure laminate. Finished with a solid hardwood edge on one edge (single-face) or two edges (double-face). Other edge on single-faced tops is 1mm T-mold edge band.

Top for Laminate Panels:

Each 29, 36, 42 or 60" high unit comes standard with a laminate top shelf. Constructed from 1" thick, 45 lb. density industrial grade particle board covered on both sides with a neutral non-glare .050" thick high-pressure laminate. Finished with a 3mm T-Mold edge.

Frame:

Each 29, 36, 42 or 48" high unit is assembled using a single 1" square, 18-gauge steel tube frame with four 2³/₄" x 2³/₄", 14-gauge gussets. Frame has a smooth powder paint finish.

Each 60, 72 or 84" high unit is assembled using two 1" square, 18-gauge steel tube frame with four 2³/₄" x 2³/₄", 14-gauge gussets. Frames have a smooth powder paint finish. Frame assembly uses metal-to-metal connection.

End panels attach using 4 or 8 hex-head, 1/4" - 20 male/female panel connectors, 40mm long. Middle panels will attach using 4 or 8 hex-head, 1/4" - 20 male/ female panel connectors, 37mm long. No wood screws or lag bolts are used.

End Panel Depth	Shelf Depth
Single Faced	Single Faced
10 ⁵ / ₈ "	8"
12 ¹ / ₂ "	10"
14 ¹ / ₂ "	12"
19 ¹⁵ / ₁₆ "	15"
Double Faced	Double Faced
19 ⁷ / ₈ "	8"
23 ¹ / ₁₆ "	10"
27 ³ / ₄ "	12"
38 ¹ / ₂ "	15"

Steel Book Shelf:

All 8, 10, 12 or 15" deep flat shelves are constructed of 20-gauge steel and have a welded 18-gauge steel stiffener which also acts as a book support channel. Each shelf measures 1¹/₄" high at the front and has 1¹/₄" high book stop at the back. Shelves attach using four solid steel pins with a black finish. For safety purposes, shelf pins have a center collar making the pins impossible to pull out once the shelf is installed. Finish is smooth powder paint. Each steel shelf supports 150 lbs. with zero deflection and utilizes the Legacy "tamper-proof pin system".

All steel components are painted using an environmentally safe powder coat process. All painted surfaces will pass ASTM D968-81, 30 liter falling sand test.

Wood Book Shelf:

The Legacy Wood Shelf is constructed of 1" thick, 45 lb. density industrial grade particle board covered on both sides with wood veneer. All shelves are edge banded with a ³/₈" thick, solid hardwood, FAS select or better, that is kiln dried to a moisture content of less than 7%. Each shelf also comes standard with a 14-gauge steel "J" channel stiffener that also acts as a 1¹/₄" high book stop. Each wood shelf supports 150 lbs. with zero deflection and utilizes the Legacy "tamper-proof pin system".

End Panel Height	Actual End Panel Height*
29"	29 ²⁹ / ₃₂ "
36"	36 ³ / ₁₆ "
42"	42 ¹ / ₂ "
48"	47 ¹⁷ / ₃₂ "
60"	58 ⁷ / ₈ "
72"	71 ¹⁵ / ₃₂ "
84"	84 ¹ / ₁₆ "

* Height includes end panel plus glides fully installed.

Bretford's shelving units can be ordered with laminate or veneer end panels. **Please note:** Veneer end panels have a hardwood edge while laminate end panels have a 3mm T-mold edge.

Each unit features metal shelves and in the case of 29"-60"H units, they also come with a laminate top shelf with wood veneer trim if ordering with wood end panels or a 3mm T-mold edge when ordering with laminate end panels. Remember to specify laminate finish for top shelf when ordering a wood shelving unit.

Each single-faced shelving unit comes complete with one wall/floor mounting bracket.

Bretford's shelving units with wood shelves can only be ordered with veneer end panels. Veneer end panels have a hard-wood edge.

Each unit features wood shelves and in the case of 29"-60"H units, they also come with a laminate top shelf with hard-wood trim. Remember to specify laminate finish for top shelf when ordering a wood shelving unit.

Each single-faced shelving unit comes complete with one wall/floor mounting bracket.

HOW TO ORDER SINGLE-FACED WOOD SHELVING (SPECIFY LAMINATE ONLY WHEN ORDERING 29"-60"H UNITS):

Example: 48"H Starter with 10"D Shelves; Raven Paint; Folkstone Grey Laminate; Medium Cherry Veneer
