CONSTRUCTION

TOP

Top is constructed with 1" (3cm) thick particle board with your choice of high pressure laminate or veneer. Laminate top edges are available in 3mm PVC or 3mm Hdwd. Veneer edge is 3mm Hdwd. 3" (8cm) grommet is located in the center of the table.

BASE

Base is constructed of 10- and 14-gauge steel finished in your choice of powder paint.

Four removable panels allow access to the raceway interior.

Four glides are included for leveling the table.

POWER AND DATA SPHERE

Sphere is mounted to the table top and the 6' cord travels through the base to the floor.

Power sphere has 2 electrical options: 2 power and 2 RJ45 data jacks or 4 power outlets.

Sphere supports up to 15 amps/125 volts.

POWER AND DATA

Inside the base is a 4-outlet, surge protected power strip and 4 RJ45 data jacks.

The Recessed Power and Data Table has a table top grommet that allows cords to be connected inside the table base.

The Recessed Power and Data Table provides four RJ45 data jacks. RJ11 connectors may be accommodated by RJ45 jacks.

The Recessed Power and Data Table has a surge protected 4-outlet power strip and four removable panels to access the connections.
